BIG AUTO TOUR IS BEING ARRANGED FOR NEXT SUMMER

One of the biggest automobile tours in the history of Canada is now being planned to start from Winnipeg the first Monday in June. This will include cars from different parts of Canada and the central states and is to be known as the Canadian-American First Annual Tour to the Canadian Rockies.

The object of this tour is to awaken in the western country a greater interest in the Good Roads Movement and to induce motor tourists to visit the beauties of the Canadian west and spend the summer in the mountains. This automobile run will be made from Winnipeg through Brandon, Regina, Moose Jaw, Swift Current, Medicine Hat, Lethbridge, Clareholm, Calgary and end at Lake Louise. Invitations are being sent out to all the auto clubs and other motor organizations in the States and from information already received by the Dominion Trail Association, who are promoting the tour, there will be a large representation from across the line.

Although there are several months separating the people from the proposed tour, plans are already being laid to establish a large contingent of motorists to take part. It means a great deal to western Canada and an important step toward the development of good roads and spreading of interest in this part of the country.

Many of the most prominent writers in the States, Sinclair Lewis of Philadelphia, the good roads authority, and Irvin S. Cobb of international fame as a writer, are being invited to make the trip, and the publicity which the run will give the west will eclipse anything in the annals of the Dominion. Several newspaper men of western Canada will also be included in the party and a detailed report of the trip will be given out each day, and different cities and towns along the route will prepare to receive the visitors, at the same time grasping the opportunity to gain further publicity.

The reeves in each district en route will be asked to drag the roads and put them in the best possible repair for the tourists. This will be a big boost for the districts, for the old saying "Good roads lead to good towns" is familiar to everyone, and there will be a general movement toward improving the highways for the travellers. This will not be done with the intention of providing comfort for a lot of joy-riding tourists, but to advertise the country and impress the visitors.

One of the biggest features of the trip will be the moving pictures. Operators will accompany the party and roll in the film at different points along the route. These films will be shown on the screens of theaters, throughout Canada and the United States and it will be the greatest public presentation of the west.

A Message for You Men

Attention Men!

Why You Should Go to Sunday School

Your children will profit immensely by your example. The Sunday School is a bigger institution when men attend it.

The Sunday School has always needed what men could bring to it in leadership and financial support in order that it might better serve children and youth.

The fraternity of Bible Class men is rich in social fellowship, and abundant in mutual helpfulness. It democratizes men.

In the fellowship of the Bible Class, religion escapes conventionality and wins men by its reality and wholesomeness. It is a good place to appraise religion as a practical necessity.

The insistent questions of rights, duties, personal religion and immortality are discussed with the utmost frankness. Busy men need such a form for such discussion.

The community suffers from organized vice in one form or another. Right thinking men must organize to make righteousness dominant in the community. The Bible Class stands for applied Christianity.

The Methodist, Presbyterian and Lutheran Sunday Schools meet at the close of the morning service; the Nazarene Sunday School at 2 o'clock, and the Anglican Sunday School at 3 o'clock.

Thousands Killed in Earthquake in Mexico

Mexico City, Jan. 6.—Conzaco was destroyed by Saturday's earthquake with 2,000 casualties, including more than 1,000 dead, according to official reports given out here tonight by presidential military headquarters. From advice received from officers in the Vera Cruz center of disturbance. The entire garrison of Conzaco was killed or injured. The dead numbered 30 and the injured 60. Virtually all the roads in the surrounding district were flooded or destroyed, according to the reports. Six hundred dead are reported at Itepec Grande, near Conzaco. The sea at Port Barranca rose 25 meters.

Alberta Government Buys Site for Home for the Mental Defective

Edmonton, Jan. 3.—The purchase of 1,000 acres of land, eight miles east of the city on the Fort Saskatchewan trail, near the station of Oliver, at a purchase price of \$40,000, from John Timothy,

well known railway contractor, for a permanent home for the treatment of mental defectives, was announced last evening by Hon. Geo. P. Smith, minister of education. The site is admirably situated, being only about five miles from the outskirts of Edmonton, and with splendid railway facilities. Accommodation will be provided on the site immediately for 350 or 400 children, the building to be started as soon as possible. The site has been approved by the national secretary on the care of the feeble-minded, Dr. Hinks, and by Dr. Cook, superintendent of Ponoka asylum. The work has been handled in a temporary way up to the present by the government in South Edmonton, where 35 children have been under treatment.

Fourteen thousand persons were shot by the Bolsheviks in Russia during the first three months of 1919, by order of the soviet government. And there are people who desire a soviet government in Canada! Would it not be well for such people to go and live in Russia and enjoy the fruits of the government that exists there today?

FRIDAY, JANUARY 9, 1920

The latest report is that peace will be declared finally and conclusively on January 10th. Let us hope that the report is correct and that there will be no further postponement.

William Jennings Bryan, the perpetual candidate, is again being groomed for the presidential race in the States. From this distance it looks as if the Democrats are in for a trimming this year anyway, and free silver will wobble no doubt make as good a lamb for the sacrifice as anyone.

The Japanese seem to have decided that the Red Russians have come as far toward Japan as they are healthy for the Japs that they should come. The Japanese will share the Russians with an army supporting Kolchak. Whether that part of the world is safer in the hands of the Bolsheviki or the Japs is a question which might bear some consideration.

This week the wholesale paper business has notified us of another big increase in the price of news print paper. To be exact, a 22 1/2 per cent. raise. And without notice have made it retroactive for the month of December. This last raise, added to previous increases, makes the paper on which this Review-Advertiser is printed cost us 95 per cent. more today than it was costing in the month of September 1918, when we took this business over—an increase of 95 per cent. in less than fifteen months; and nearly all other items entering into the cost of producing a newspaper have increased in a similar proportion. The wholesalers notify us that there will in all probability be another increase in prices of paper within six months.

Greatest Struggle in History of Civilization

Montreal, Jan. 5.—Major Ian Hay Booth, O. B. E., M. C., author of "The First Hundred Thousand," gave a clear and most interesting address at the Canadian Club luncheon today on after-war problems. He said that after returning to England from a sojourn on this side, he found there a widespread distaste for hard work and industry, a discipline, adding that the next few years would witness the greatest struggles between anarchies and civilization ever known in history. He did not claim that British navy from the war, but he did say that the absence of the British navy from the high seas for twenty-four hours would have had it. Furthermore, he pointed out that the only obstacle to the peace and the persistence of the people of England saved the allies from a dishonorable peace.

LOOKING TO ORGANIC UNION OF CHURCHES

Invitations for Conference in Philadelphia Accepted by Twenty Denominations

New York, Jan. 6.—Committees of approximately twenty denominations have accepted an invitation from the Presbyterian church to confer in Philadelphia, February 3 to 6 on a proposal for a "national merger of Christian interests under the name of the United Church of Christ in America," according to an announcement today from Presbyterian headquarters, located in that city.

The proposed constitution of the new organization, the announcement stated, had forwarded ultimately to a complete organic union of the Protestant churches entering upon the membership council.

There are few good reasons why the churches of Canada should not unite and form the "United Church of Christ in America." Outside the membership of the churches there is little difference of opinion as to the necessity of such a union. Inside the churches there is still considerable opposition. Ancient prejudices still obscure broader vision, and hinder the church from

fulfilling its proper mission in the world. Perhaps the efforts at union have failed because the proposed union was not big enough. It is to be hoped that the next attempt will follow the plan adopted across the line.

SEEK EXPERIENCES OF SETTLERS IN CANADA

Department of Immigration Offers Prizes for the Best Accounts of Successful Ones

In order that the department of immigration and colonization may have at its command authentic accounts of the experiences of successful settlers in various parts of Canada it has decided to offer cash prizes for letters or articles not exceeding two thousand words written by settlers in each of the nine Canadian provinces. The articles will be judged by a committee to be appointed by Hon. J. A. Calder, minister of immigration and colonization, and should be mailed not later than February 14th, 1920, to the director of publicity for the department. Three cash prizes will be given, one of seventy-five dollars, one of fifty dollars, and one of twenty-five dollars, in each of the nine provinces.

It is explained that the competition is not a literary contest, the official announcement stating that: "Literary style, correct spelling, etc., are not to be considered essential. Tell your own story in your own words." It is believed that the procuring of a number of good and truthful stories of how success has been won from the soil in all parts of the Dominion will do much to contribute to a future movement to Canada of the right class of settlers.

Full details of the competition are given on a poster hanging up in every post office throughout the Dominion.

In order to give everyone in Clareholm and district an opportunity to see one beautiful and highly educational picture, and especially the school children, the Clareholm school trustees have decided upon request to throw the doors open to the public on Wednesday, January 14th, of each week. A collection will be taken at the door, to defray expenses. The pictures will consist from week to week on these two special nights, of travel pictures, such as might be seen through Canada, United States and foreign countries; Canadian industrial pictures, comprising the various kinds of manufacturing, agriculture, fisheries, the lumber industry, home cooking, dress making; pictures of science, showing different experiments of various inventions, chemicals, etc.; latest happenings in the world of interest will also be exhibited. In addition to this there will also be exhibited a one or two reel comedy, and a two reel western drama. This giving one of the most excellent and entertaining programs. Hoping that everyone will avail themselves of this splendid opportunity to see in picture film everything that you read about in the newspapers and magazines.

In Great Demand

The portrait of the Prince of Wales that goes in the Family Herald and Weekly Star of Montreal is in great demand. It is certainly the best portrait of the Prince we have seen. The Family Herald is simply deluged with orders from new and old subscribers. The yearly subscription price, including the Prince's portrait, is only \$12.50 if remitted for before January 15th, and is the best value anywhere. It is said the Family Herald's subscription receipts are more than double former years. It is certainly worth the price and should be in every home in the West. For reasons of this kind the time for receiving subscriptions at the \$12.50 rate has been extended to January 15.

A Western Favorite

It is said the Family Herald and Weekly Star of Montreal reaches over ninety thousand homes in the four western provinces each week. There must be a reason for this. The reason is not hard to find. To farmers in this western country the Family Herald and Weekly Star is regarded as almost indispensable and each issue is worth to them more than the whole year's subscription price. It is a most wonderful production of a weekly newspaper, family magazine and agricultural journal.

The cheapest and safest farm fire insurance can be had with the Wawanesa Mutual. See Fraser & Peck.

**"What Phonograph Shall I Buy?"**

How many times, when the subject of purchasing a phonograph or talking machine has come up, have you asked yourself this question?

The Edison tone test answers it for you, completely, convincingly.

Over two million music lovers have been present when this test was being made; and they have realized, as you will realize, that the New Edison alone can actually re-create the human voice and the music of human-played instruments.

It is all-important that you hear

The NEW EDISON

"The Phonograph with a Soul"

because it is the only instrument that re-creates the singer's voice so faithfully that the human ear cannot distinguish the rendition of the artist from that of the New Edison.

The wise way to choose your phonograph is to have the several makes of phonographs and talking machines sent to your home on trial, where you can make direct comparisons among them, and then decide which one you would like to keep—which one you think you would enjoy hearing as much five years from now as you do to-day.

Be your own salesman. Sell a phonograph to yourself. We will gladly send a New Edison to your home for the purpose, without obligation on your part.

"The Brute Breaker" Ringed as its mountains and strong as its primeval rocks--a great picture of a bold man's ascendancy over troublemakers in the big lumber camps of the north woods. An hour of this great outdoors picture is as good as a day in the woods. Coming to the Rex next Friday and Saturday.

"The Brute Breaker" is a Universal production.

J. Walker, manager of the Bank of Commerce, has been removed to Vermilion. The patrons of the bank will regret to hear this. Since the bank has been in Claresholm no manager has been more popular and it is unfortunate that he should be removed just at the time when the farmers need some one who is acquainted with the conditions that exist here. Mr. Halliday is very efficiently managing the bank until the new manager arrives. While we do not want to rob Mr. Walker of a well earned promotion, yet we wish he could have remained in Claresholm.

W. W. Ballantyne

writes an advertisement

Dear Sir:—

The Delco-Light Plant you sold me to light my farm
has not only given us the pleasure and convenience of
electric light in all our buildings, but it is rapidly paying
for itself in the work it does.

It would be a good investment for us aside from the
lighting altogether. So far, we have found 16 jobs for
Delco on our farm, and we are constantly finding new
jobs for it. We are using power from Delco-Light to run:—

- | | |
|-----------------------------|---|
| (1) 3-unit milking machine. | (10) Vacuum cleaner. |
| (2) Cream separator. | (11) Electric iron. |
| (3) The pump in the dairy. | (12) Toaster. |
| (4) Root pulper. | (13) Charging batteries on our motor car. |
| (5) Finery stone. | (14) Pumping water for house- hold use. |
| (6) Horse clippers. | (15) Lighting our home, stable, outbuildings and yard. |
| (7) Sheep-shearing machine. | (16) Violet ray generator. |
| (8) Panning mill. | |
| (9) Washing machine. | |

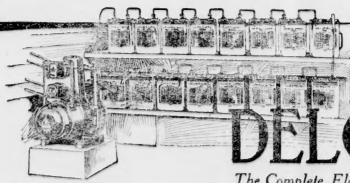

We have never figured this work down to so many
hours per day, but we do know that we can operate the farm
with one less man than we used to. Figure out the wages
and board of a farm hand and you can see what the
Delco-Light plant saves us.

We used to run a gas engine on the milkier and cream
separator, at a cost of 10 cents a day. Our Delco-Light
plant supplying light and power for the whole farm costs
only 7 cents a day.

It would not only be a harder proposition to run our
farm without Delco-Light, but it would cost us a lot more
money. We have no hesitation in recommending any
farmer to harness up his farm to Delco-Light.

Yours truly,

(Signed) *W. W. Ballantyne*

Attempt to Disrupt the World
Currency

New York, Jan. 8.—Proof that
the United States was also in-
cluded in the conspiracy of the
Lenine-Trotsky regime to dis-
rupt the currency of the world,
by flooding thralled nations with
counterfeit money, has been re-
vealed in documents seized in the
raid, according to federal agents.
The money is said to have been
struggled into the country by
way of Mexico, and many coun-
terfeit \$20 and \$50 bills have
been discovered. Counterfeit
Liberty Bonds are also declared
to have been manufactured, and
so cleverly that the only way of
detection is in duplication of
original numbers of the issue.

Information now in possession
of the federal agents indicate that
the Moscow mint has turned out
millions of dollars' worth of bank
notes of England, France, Italy,
Japan, and the United States.
The sum appropriated for this
scheme is said to be \$200,000,000.
